01 Get help and report the incident

Tell the first aider or appointed person. Follow the workplace accident-reporting procedure.

02 Protect food before returning

Cover cuts with a suitable waterproof dressing, preferably a blue detectable dressing in food areas.

03 Restock after use

Report missing or expired supplies. Keep the kit stocked to match the first-aid needs assessment.

For a serious or life-threatening emergency, call 999. Give the exact location and follow the call handler's instructions.
