

# Fruit & salad only

Ready-to-eat preparation area.

**Green board and designated utensils**

## **01 Keep soil and raw food away**

Use the separate vegetable area for unwashed, soil-covered produce.

## **02 Prepare produce safely**

Wash produce where needed before it enters this area. Follow ready-to-eat pack instructions.

## **03 Protect the finished food**

Use clean hands and disinfected equipment. Cover and refrigerate prepared salads promptly.

Colour allocation must match your site system. Do not rewash produce supplied as ready-to-eat unless the instructions require it.
